Dear Parents

Pupils working at Home - Guidance for Parents/Pupils

We have put together a pack for you to work through with your child to enable them to continue to develop their learning, with you, at home. Your child should use a pen for writing (if they are a pen writer), a pencil for drawings and colouring pencils for colouring in; which all help to achieve a neat presentation.

It is very important that the children take their time with the work, being careful and doing it to the best of their ability. Your child will need varying degrees of help for each task. We have attached some additional notes for you, for the different subjects.

The maths work will need someone to work with them initially, until they can do it independently. Please go through your child's solutions with them, and help with any misconceptions.

The English tasks may need your help explaining, editing and improving their work. Please encourage your child to try their spellings first, and use a dictionary. They may need help with research/access to online sources and books.

Please check our school website, parent links, your child's class page for the Term's Curriculum Coverage Web and further information/changes, as well as parent mail and FOTs.

Many thanks for your support, during this challenging time.

Kindest Regards

KS2 Teachers
